Of course no trip to England would be complete without attending a professional match. Imagine sitting in the stands at Old Trafford (home to Manchester United) or Anfield (home to Liverpool FC) as 60,000 fans are cheering and chanting at the top of their lungs. You have to experience an English professional match at least once in your life.

While the bulk of this trip is meant to experience the first class soccer experience that Europe has to offer, the trip will also include plenty of opportunities for the cultural and tourist experiences that England and Ireland are famous for.

Chester is among the most beautiful and “must-see” cities in the country of England. Upon arrival, you will appreciate the city’s unique atmosphere and sense of history. Founded by Romans over 2000 years ago, much of the Roman influence remains. The Chester City Walls are the most complete in Britain, surrounding the city in a two mile loop, originally built to offer protection from outside forces. In every corner of the city you are confronted with history, from the Roman Amphitheatre which is currently under excavation, to the medieval half-timbered buildings. One of Chester's most unique features are the two-tiered rows, which means you can shop whatever the weather and gives you double shopping fun! Despite so much history and heritage, Chester is a vibrant, dynamic city full of bars, pubs, clubs, hotels and restaurants which means each time you visit you will discover something new.
